Step2:Wire fixture to wires in outlet box.Copper wire is for Ground.Lift the fixture base against the wall so that the 2 mounting keyholes located on the back of the Canopy align and engage with the protruding screw heads. Gently lower the lighting fixture so that the screws support its full weight. Make sure that each screw is completely engaged with its keyhole before releasing the fixture. Some readjustment of the screws may be needed to ensure a secure fit against the wall. Screw light bulbs(included) into the socket .Fit the shade onto the threaded tube then tighten with the finial.

Cleaning & Care:
Clean with soft cloth and a mild detergent.
Do not use abrasive cleaner.
